EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with C. Dave Emhardt on February 16, 2005.

The application has been amended as follows:

On page 9, line 7, please insert --(hook and loop) fasteners-- after "VELCRO™--

Please cancel without prejudice claims 5-8, 13-17, 19 and 21.

2. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims in this application is that the prior art of record does not disclose or suggest an ambulance with a floor, a gurney with wheels, removable rails connected to the ambulance, a winch mounted on the ambulance wherein the winch is connectable to the gurney for pulling the gurney up the rails and the winch is arranged to pull the gurney to tighten straps connecting rings on the floor and rings on the gurney, in combination with the other elements. Haire discloses an ambulance with a gurney and a winch for loading the gurney into the ambulance. Haire does not disclose that the winch is also used to tighten straps which connect rings on the gurney and the floor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
